air circulation

VT12VKTF

12" Versa-Kool® tent fan, variable-speed capable, 1/10 hp, 115 volt, 1554 ccfm. 18 lbs.

Versa-Kool® Tent Fan • #1 in ROI!

The 12" Versa-Kool® tent fan is noticeable for its good, clean looks - not for its noise. The fan is exceptionally quiet and moves the perfect amount of air - ideal for any social event where quiet comfort is needed. It comes pre-wired so it's ready to go right out of the box. Our innovation for the event industry is a simple clamp to allow quick pole mounting on most common diameter poles.

Looks Great....Less Noise.

Delivers air up to
20 degrees cooler
than ambient
temperature.

Quiet!

WayCool® 360

Schaefer is proud to introduce a kinder, gentler 1 HP WayCool® 360 with the same performance attributes as the standard WayCool® but with all-direction (360 degree) cooling. Ideal for decks, patios, and work areas where you need a lot of cooling but you don't need the aggressive air pattern of the standard WayCool®.

Cools a 20' radius circle.

Schaefer's Pro-Kool® portable evaporative coolers boast a powerful 1 hp 42" fan or a 1/3 hp 28" fan which delivers up to 20% more cool air while using less energy, and taking up less floor space than 24" & 36" competitive models. Use portable evaporative cooling fans to cool almost any area - indoor and out!
